# EASY SETUP 8' X 6' FOLDING GREEN HOUSE FOR OUTDOORS

## Assembly Instructions

---

## GENERAL GUIDELINES

- Please read the following instructions carefully and use the product accordingly.
- To ensure easy return if necessary, please keep the original manual and shipping box.
- This summary may not include every detail of this product's setup, or all possible setup variations and the steps necessary to achieve them. Please contact us when further information and help are needed.

---

## NOTE

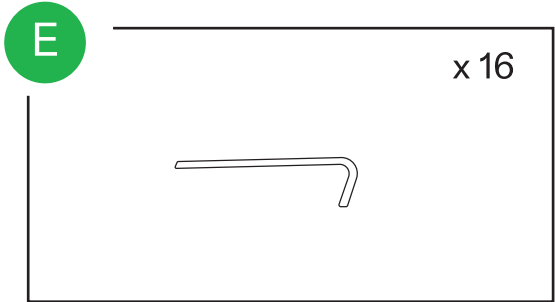

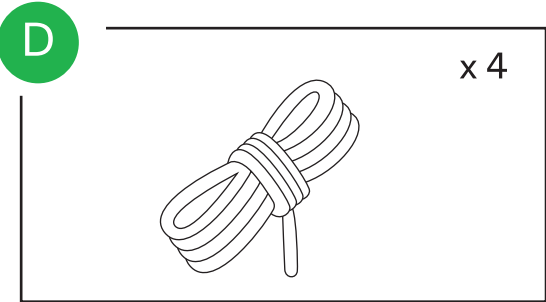

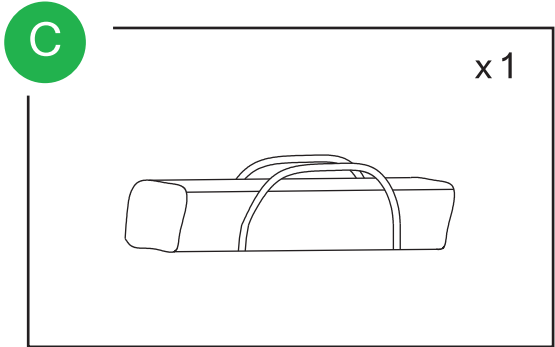

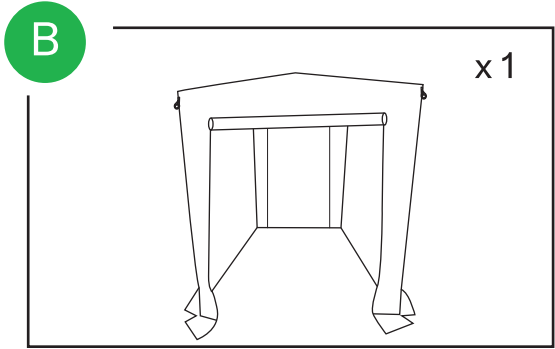

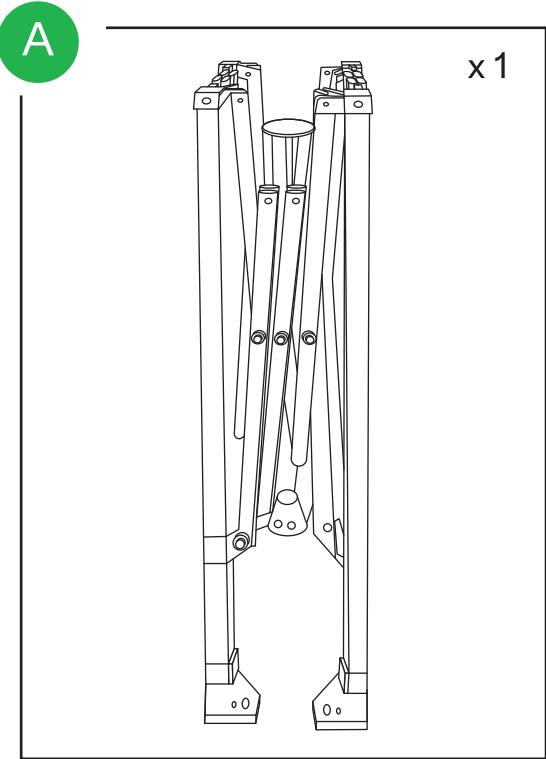

- The product must be assembled and used in accordance with the provisions of this manual.
- Avoid long-term exposure to humid environments to prevent mildew.
- Keep this product away from fire sources and high temperatures. Do not expose this product to direct sunlight.
- Do not place any hot objects on this surface of this product.
- If there are any defective or missing parts after unpacking, please cease assembly and contact us.
- Please assemble the item on a spacious surface. To avoid accidental product damage, do not place the unpacked parts directly on the floor.
- Please do not stand or sit on the wooden boards.
- Please keep the product away from sharp, pointed objects and corrosive substances to prevent product damage.

---

## WARNINGS

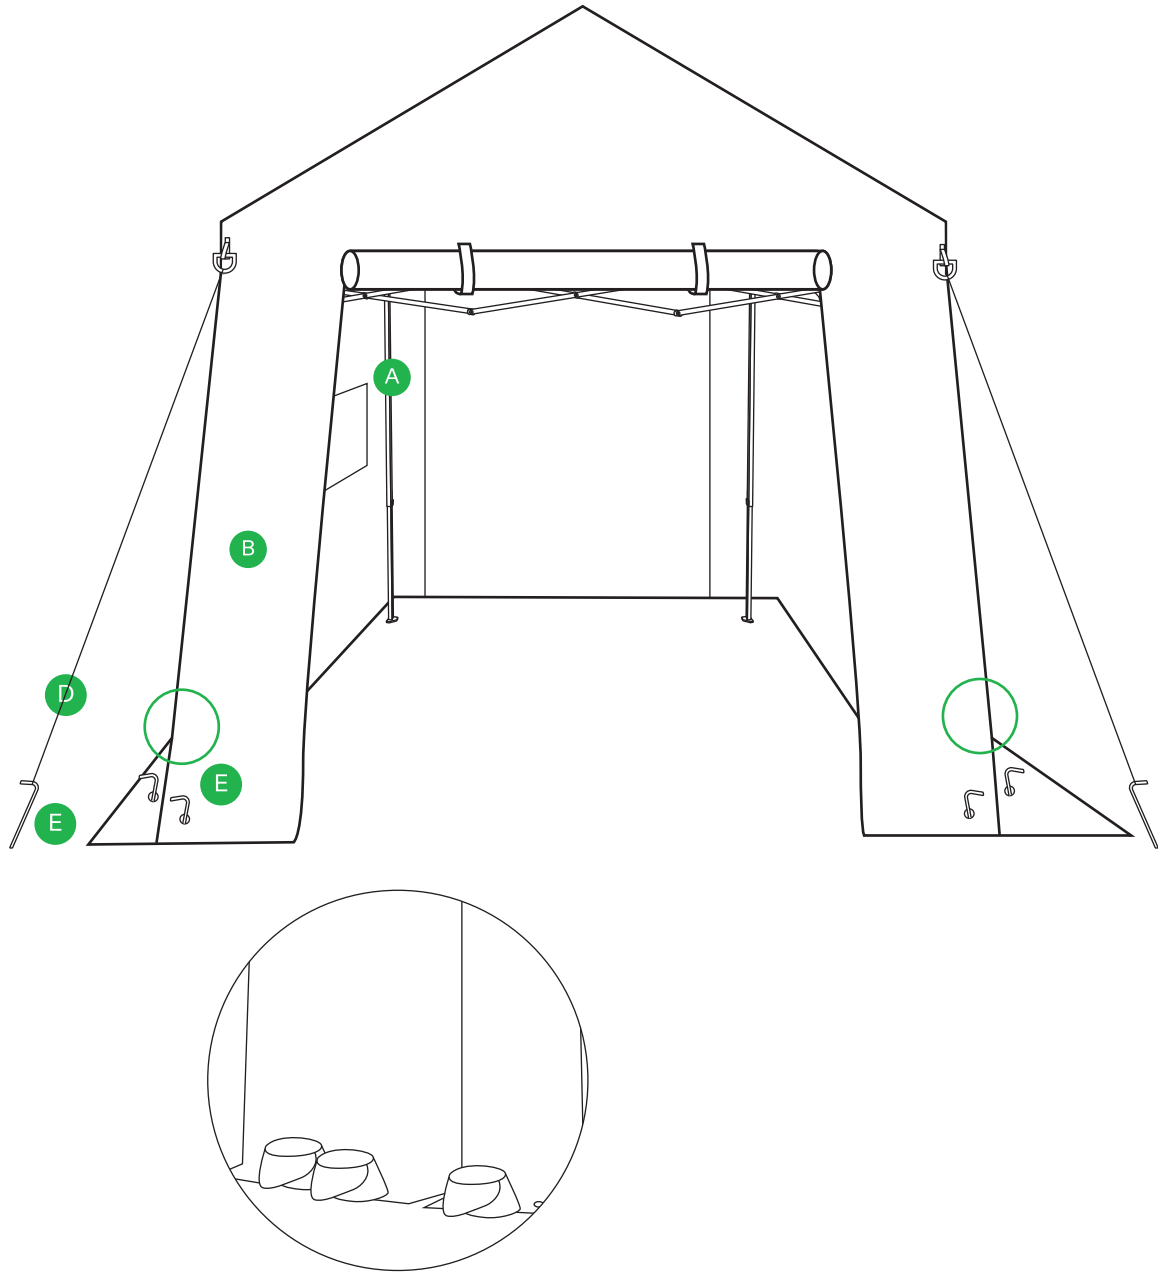

- Children are not allowed to assemble this product. During assembly, keep all small parts out of the reach of children as they may be fatal if swallowed or inhaled.
- Children are forbidden to climb or play on the product to avoid serious bodily injury caused by any potential fall.

# PART LIST

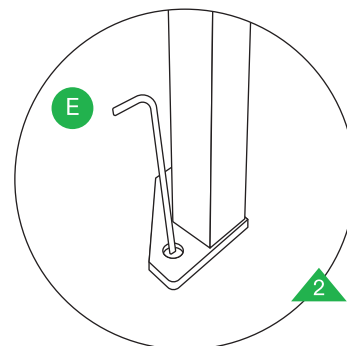

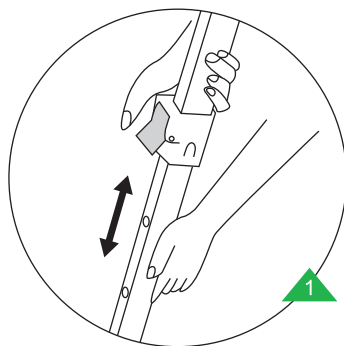

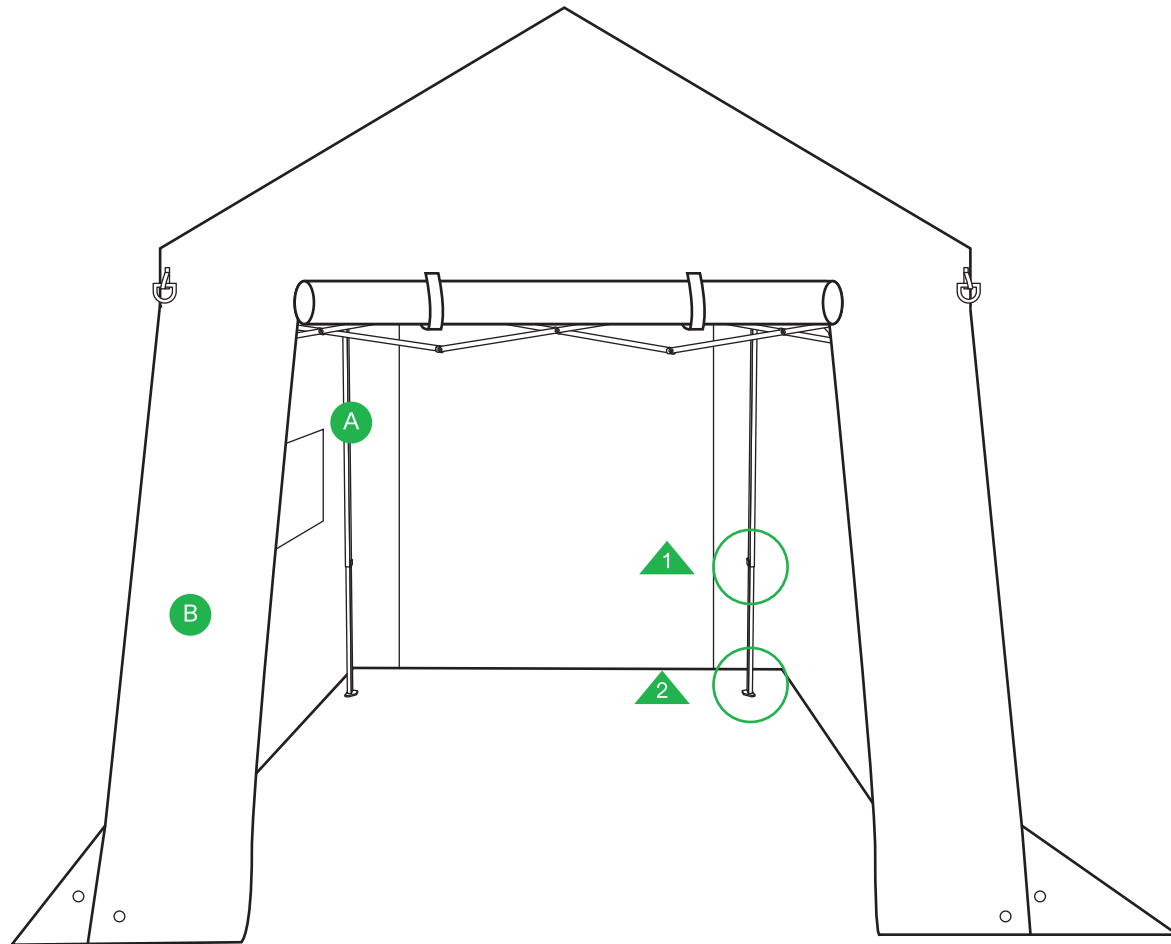

# PRODUCT ASSEMBLY

- 5** Insert the stakes through the holes in the B-Fitting and into the ground in the positions shown in the diagram below. To further fix the green house more firmly in place, you can put sandbags along its base.

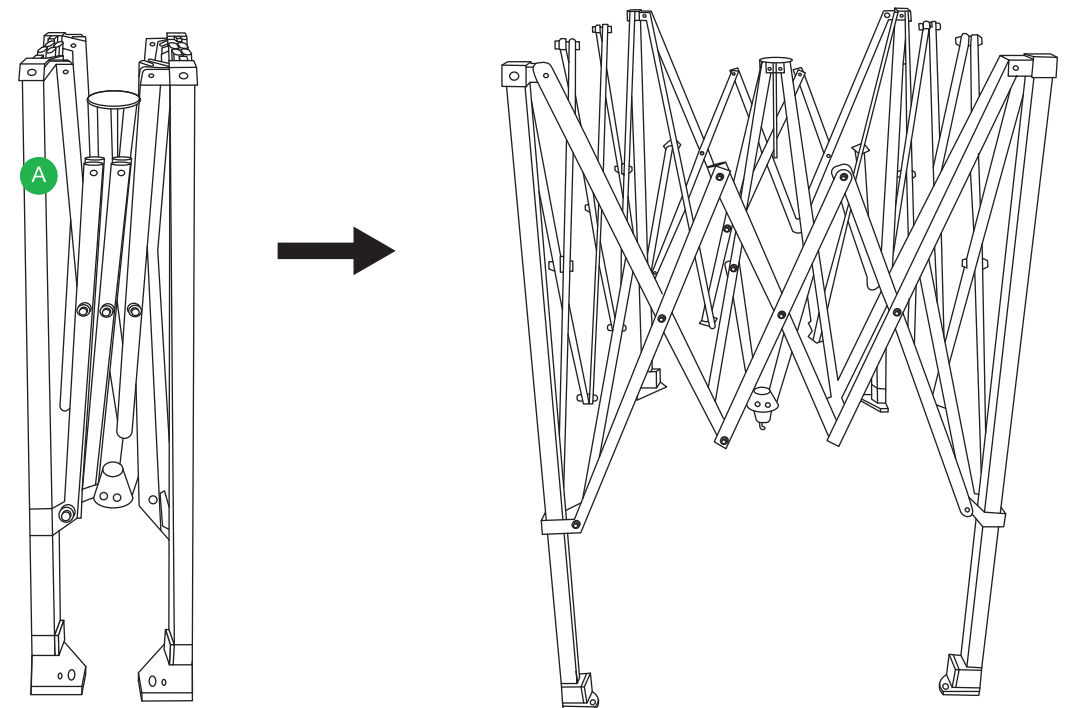

## PRODUCT ASSEMBLY

- 4 Press the red buttons on the poles to adjust the height of the green house. Insert the stakes into the ground to secure the frame.

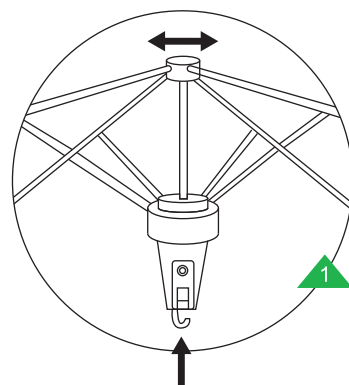

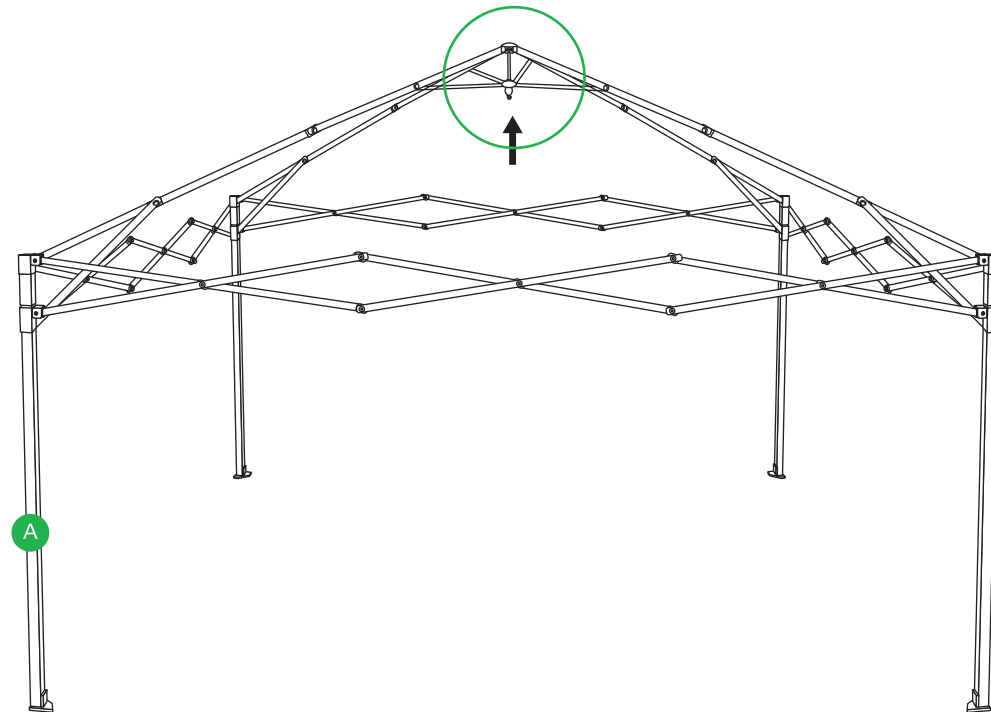

## PRODUCT ASSEMBLY

- 1 Open the A-Folding Frame.

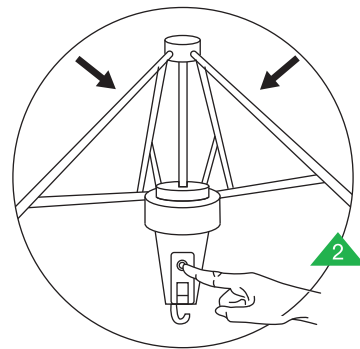

## PRODUCT ASSEMBLY

- 2** Push the central point upward to the end to expand and fixate the frame (It is also possible to collapse the frame by pressing the button at the top and pulling downward).

Expansion & Fixation:  
Push upward

Collapse:  
Press the button and pull downward

## PRODUCT ASSEMBLY

- 3** Fit the B-Covering over the A-Frame beginning at the top, and gradually pulling it over. The door is on the short side (1.8m) while the window is on the long side (2.4m). Once the B-Covering is correctly in place, go inside and fasten its velcro straps (in positions 1 & 2 shown in the diagrams below).
