

INSTRUCTION MANUAL

3.3X6.6X6.9FT
GREEN HOUSE

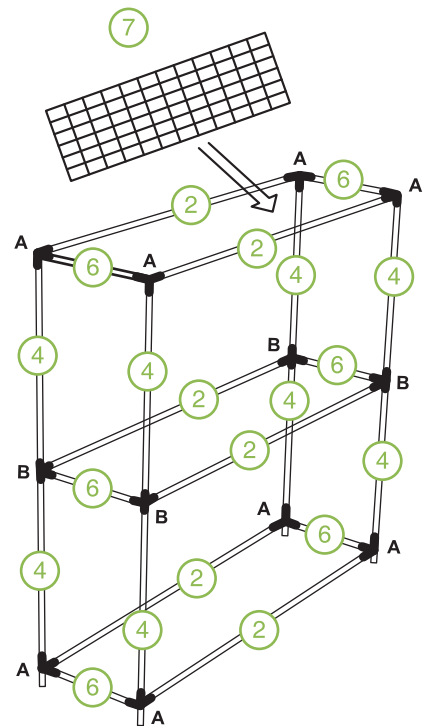

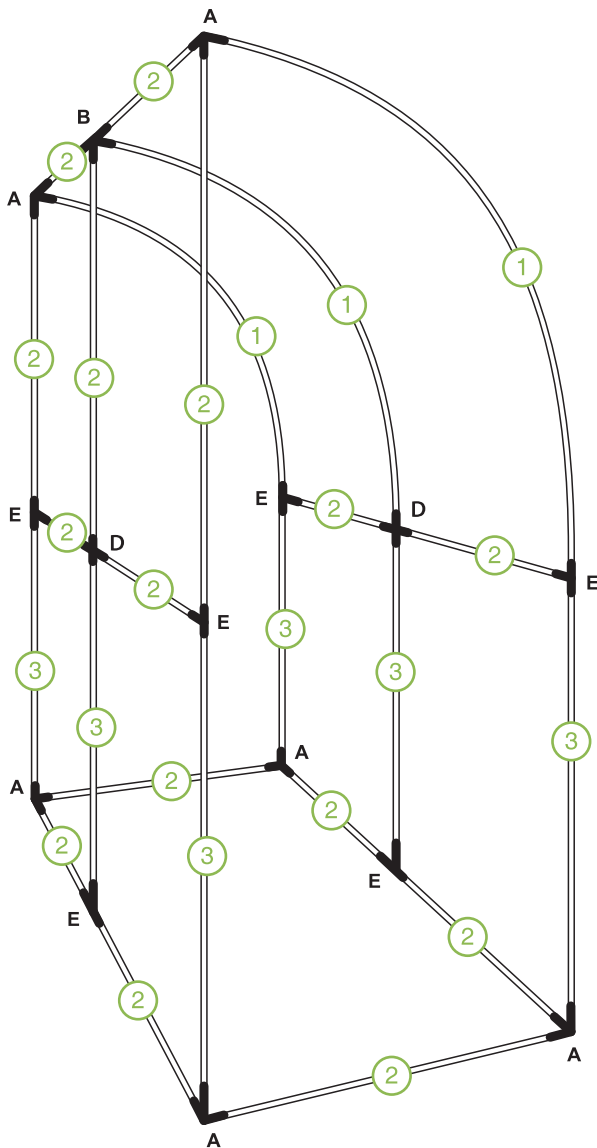

ATTENTION

1. Please secure your green house in windy conditions with extra ropes when wind speed exceeds 24 miles/hour.
2. Please try to install your green house away from direct wind conditions.
3. Please keep your green house clear of snow during snowy conditions. Snow coverage can not be over 2 inches high.
4. We will not take any responsibility of green house damaged by severe weather.
